Summary

B.Tech CSE (Data Science) student with hands-on experience in data cleaning, exploratory data analysis, SQL, Excel, Power BI and data visualization. Experienced in developing interactive dashboards, analyzing business datasets and generating actionable insights. Seeking an entry-level Data Analyst opportunity to apply analytical and problem-solving skills.

Skills

- **Data Analytics:** SQL, Advanced Excel, Power BI, DAX, Data Cleaning, EDA, Data Visualization
- **Database:** SQL / MySQL
- **Programming:** Python, Java
- **Soft Skills:** Teamwork, Time Management, Problem Solving
- **Python Libraries:** Pandas, NumPy, Matplotlib

Internships

Data Science Intern | Compile IT

- Working on data preprocessing, exploratory data analysis (EDA), machine learning models, and data visualization.

Machine Learning Intern | InternPe

- Building ML models, performing data preprocessing, model evaluation, and predictive analytics.

Full Stack Web Development Intern | Euphoria GenX (2026 – Present)

- Developing responsive web applications using HTML, CSS, JavaScript, and backend technologies.

Projects

Customer Churn Analysis | Python, SQL, Excel, Power BI

- Cleaned and analyzed customer data using Python and SQL to identify churn patterns.
- Performed exploratory analysis to identify key factors associated with customer churn.
- Built an interactive Power BI dashboard with KPIs and visualizations.
- Generated actionable business insights to support customer retention decisions.

HR Analytics / Employee Attrition Dashboard | Excel, Power BI, DAX

- Analyzed **1,480 employee records across 37 attributes** — including department, job role, overtime status, job satisfaction, work-life balance, income, and tenure — to identify where the business was losing people and why.
- Performed data validation and formula-driven summary analysis in Excel using **COUNTIFS and SUMIFS** to segment attrition patterns across departments and roles.
- Built an interactive Power BI dashboard with custom **DAX measures** for attrition rate, headcount, and averages, supporting data-driven HR retention decisions.

Education

Brainware University | B.Tech in Computer Science Engineering (Data Science)

2023 – 2027

Srirampur Agriculture High School | Class XII – 83.0%

Srirampur Agriculture High School | Class X – 88.3%

Key Achievements

- Secured a place by designing a high-accuracy AI model and demonstrating excellence in ML architecture and data preprocessing in **Samsung Innovation Campus**.
- **Hackathons:** Adobe University Hackathon.
- **West Bengal SVMCM Merit Scholarship:** Awarded for maintaining high academic performance throughout the curriculum.

Courses & Certificates

DSA with Java (Apna College)

Languages

Bengali - Native | English - Proficient | Hindi - Proficient
